

## How to Change a Uniview NVR's Admin Password?

## Description

**Note:** This method is applicable to most of the scenarios. If the method still cannot solve your problem, it is recommended to consult our Tech Support Team. <u>https://global.uniview.com/Support/Service\_Hotline/</u>

## **Operating Steps**

Modify the NVR's admin password from the monitor/GUI under **Menu>System>User**. Click **Edit** on the admin user row, input the old and new passwords, confirm and click **OK**.

Modify the NVR's admin password from the NVR's web interface under **Setup>>User>User**.

Check the admin user and click **Modify**, input the old password, new password, confirm, and click **OK**.
