

How to Create a User with Limited Permissions on a Uniview NVR?

How to Create a User with Limited Permissions on a Uniview NVR?

Description

Note: This method is applicable to most of the scenarios, if the method still cannot solve your problem, it is recommended to consult our Tech Support Team. https://global.uniview.com/Support/Service_Hotline/ Tutorial Video: https://www.youtube.com/watch?v=n7AA5H_6wck&list=PLrBaKYrUJkiv_ShCVIqTeIAsOxyFEljjR&i ndex=93

Background Knowledge

There are 2 types of users: Operator and Guest. When an operator and a guest user are online at the same time and they are doing the same operations, the priority of the operator user is higher than the guest user.

When sharing the cloud device, the created user also can be selected by using [Share by role]. The owner will then be able to share their devices with limited permission.

Operating Steps

Method 1 Click Add from the device's web interface under **Setup>User>User** to add a new user.

Client	¥	User	
System	V		
Camera	∀	Username	
torage	~	Password	
larm	~	Confirm	
lert	*	User Type Operator	1
Vetwork	~	Basic Permissions Configure Upgrade View and Export Logs Restart	1
Platform	\$	Camera Permissions Live View	
Jser ▶ User	~	Audio ZAII	¥
Maintenance	\$	PTZ Control I All	
Ipgrade	~	Playback 🛛 All	
		Manual Recording on NVR Z All	¥
		Local Backup Z All	¥
		Note: If NVR is added to managing platform, you also need to edit the password on the platform. Save Cancel	

Method 2 Click Add from the NVR's monitor/GUI under **Menu>System>User>User** to add a new user.

System													
	Basic	User											
L_r√ Camera	Proview		Username	ername Use		Jser Type			Delete				
			admin		Administrator		2						
\odot	Time		default		Reserved User								
VCA	POS												
\oplus	Serial												
Network													
(A)	User												
System	Security												
5	Hot Spare												
Backup													
_													
Storage													
\wedge													
Alarm													
৯													
Solution and													
Maintain													
			Add Exit										

Note: The default/reserved user cannot be created or deleted, and it is used for live view on the NVR monitor when the admin or other user is logged out.
