How to Download Recordings from a Unicorn?

Description

Note: This method is applicable to most of the scenarios, if the method still cannot solve your problem, it is recommended to consult our Tech Support Team. https://global.uniview.com/Support/Service_Hotline/

Background Knowledge

The recordings can be downloaded either on the Unicorn web interface or the PC client EZVMS. Before you download the recordings, please confirm where the recording is stored. Center recording means it is stored on the normal disks plugged into the Unicorn. Device recording means the recording is stored on the device itself (eg. the NVR or cameras added to the Unicorn).

Backup recording means the recording is stored on the backup disks plugged into the Unicorn.
